

A Single Drink of Water is a Lifetime of Empowerment.

FACT: Nearly 1 billion people in developing countries lack access to safe, clean drinking water.

*Pure water
means
good health.*

Pura Vida Agua empowers families with safe, pure water.

A single system can provide enough drinking water for an entire community.

Pure water fuels young minds.

Pura Vida Agua designed a purification system using Sawyer Water Filters for schools, churches and orphanages, providing safe, pure drinking water.

What Does Pura Vida Agua Offer?

- 💧 Complete training including manuals and a CD
- 💧 The Sawyer Filtration Kit
- 💧 Filters can filter approximately 500 gallons per day
- 💧 Personal contact and trained leadership
- 💧 Teaching health benefits for better understanding
- 💧 Working mission trips

How You can get involved:

- 💧 Promote and make safe water for families
- 💧 Use your training to help others in missions around the world
- 💧 Join us in a working mission or train and lead on your already existing mission
- 💧 Become an advocate for Pura Vida Agua in your area

John 3:16 For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life.

Enough Light for the Next Step

Often we want to be able to see into the future. We say, “How will next year be for me? Where will I be five or ten years from now?”

There are no answers to these questions. Mostly, we have just enough light to see the next step — what we have to do in the coming hour or the following day.

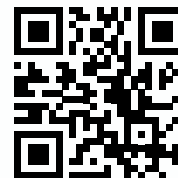

The art of living is to enjoy what we can see and not complain about what remains in the dark. When we are able to take the next step with the trust that we will have enough light for the step that follows, we can walk through life with joy and be surprised at how far we go.

Let’s rejoice in the little light we carry and not ask for the great beam that would take all shadows away.
